

## DP-201

Economical heavy duty liquid cleaner.

### Description

DP-201 is specifically formulated for use in heavy duty cleaning of ferrous metals in all industries where there is a need for an economical product. The product may be used in immersion cleaning, recirculation cleaning and pressure cleaning with equally good results.

### Features and Benefits

- Very economical product.
- Excellent cleaning power.
- Low foaming – minimises rinsing time.
- Good wetting and rinsing properties. DP-201 contains surfactants which remain active during storage.
- DP-201 is a liquid and dissolves instantly in either hot or cold water with minimum effort. It does not produce toxic fumes or dusts.
- DP-201 is approved for use in registered export meat establishments.

### Applications

DP-201 may be used in pre-cleaning prior to galvanising, in-place cleaning in food establishments, pasteuriser cleaning, foam cleaning, engine reconditioning, floor cleaning and paint stripping.

### Use Directions

General purpose immersion cleaning: 100ml per litre duty: 20ml per litre at temperature of 20°C to 70°C.

Heavy duty immersion cleaning: 100ml per litre at temperature of 70°C to 95°C.

In-place cleaning: 10ml per litre.

Pausteuriser cleaning: 50ml per litre in venturi type applications.

### Chemical Control

Where DP-201 is used in immersion cleaning, the chemical strength of immersion tanks should be monitored on a regular basis. Your Chemical Formulators Technical Representative will advise you on this.

### Caution

DP-201 contains caustic materials. Solutions of the product should be handled with care and direct contact should be avoided. It is recommended that operators should wear safety glasses and gloves when using the product.

### First Aid

If poisoning occurs, contact a doctor or Poisons Information Centre. If swallowed, do NOT induce vomiting, give glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

### Packages

20 litre and 205 litre drums.
