

EDGE

Premium multi purpose neutral cleaner.

Description

Edge is unique. It is biodegradable, non-hazardous, solvent free, caustic free and phosphate free.

It is a unique blend of specially imported ingredients that rapidly removes most soils from all surfaces. The lemon oils in Edge leave a long lasting citrus tang.

Applications

- (1) Tile & Grout maintenance. Corrosive acids are the most commonly used products for maintenance or shower recesses, bathroom floors and wash basins. Edge is acid free and when used at 20 mls per litre will clean and deodorise in one action.

- (2) Floor Cleaning. Regardless of type of flooring Edge is the product of choice.

Light Soiling	20 mls per litre of water
Heavy Soiling	50 mls per litre of water
Damp Mopping	5 mls per litre of water

- (3) Spray & Wipe or Spot Cleaning. Edge is safe to use on any surface that can tolerate water. It can be used to maintain painted surfaces, aluminium, stainless steel, glass and brass. 10mls per litre of water is the recommended starting dilution.

Environmental Statement

- EDGE is inherently biodegradable
- EDGE is phosphate free
- EDGE is not hazardous or a dangerous good
- EDGE can be used with dispensing equipment for portion control
- EDGE is chlorine free
- EDGE is VOC free
