

Product Information

ENVIROBLUE

Water based quick breaking degreaser.

Description

ENVIROBLUE is part of a new generation of environmentally advanced, water based products specifically formulated for degreasing and pressure washing in workshops, mining, oil rigs, etc.

At Chemform we care about the environment, our community and your safety by providing environmentally responsible products. The CHEMFORM GREEN range of products provides performance, quality and safety, as well as environmental sustainability by meeting our strict criteria:

1. Products containing detergents must use only those classified as readily biodegradable.
2. Whenever possible, products made from plant based renewable resources are selected.
3. Our CHEMFORM GREEN range contains no phosphates, oil-based hydrocarbons, chlorine, chlorinated hydrocarbons, carcinogens, alkyl phenol ethoxylates or heavy metals.
4. Our CHEMFORM GREEN range is safe to use. Products must be classified as non-hazardous and non-dangerous.
5. Industrial degreasers will be quick-breaking according to our stringent definition.
6. Waste will be minimised as we believe that the biggest environmental burden on the Earth is waste. All packaging used in the CHEMFORM GREEN range is recyclable, and can be returned to Chemform for processing.

If you care about the environment continue to choose CHEMFORM GREEN!

Features and Benefits

- Advanced formulation to remove oils and grime from hard surfaces.
- Safe to use underground (non flammable and hydrocarbon free).

Use Directions

ENVIROBLUE is excellent for removing grease and grime from a wide range of hard surfaces. Enviroblue can be used for engine degreasing to workshop floors. This product is not recommended for general purpose washing of glass, or duco on heavy and light vehicles as it may leave a residue if allowed to dry.

- a) General Cleaning (Light Soil) – Mop solution containing 40mL of Enviroblue to each litre of water.
- b) Workshop (Medium Soil) 50mls of Enviroblue per litre of water, rinse with fresh water after cleaning.
- c) Degreasing (Heavy Soil) – Use from 250mL to 500mL per litre of water depending on soiling.

Enviroblue used at strength 20mls per litre is an excellent spray on, wipe off cleaner.

Rinse off with fresh water before the product dries.

Safety Information

Refer to our product safety information sheet (PSIS) for more information or consult your Chemform representative for further assistance.
