

Product Information

ENVIROSOLVE CONCENTRATE

Natural degreaser and cleaner – Concentrated formulation.

Description

ENVIROSOLVE CONCENTRATE is a multi-purpose cleaner and degreaser, derived from plant oil (a renewable resource), that is extremely safe for both the user and the environment.

ENVIROSOLVE CONCENTRATE is a premium “natural” replacement for hydrocarbon solvent based degreasers and can be used in swab, spray, soak tank and recirculating parts washing systems.

Ideal for use as a premium degreaser in heavy industries such as Mining, Rail, General Engineering workshops and Offshore Drilling, ENVIROSOLVE CONCENTRATE is safe on all metals and will remove grease, oil, bitumen, wax, glue and rubber.

At Chemform we care about the environment, our community and your safety by providing environmentally responsible products. The CHEMFORM GREEN range of products provides performance, quality and safety, as well as environmental sustainability by meeting our strict criteria:

1. **Products containing detergents must use only those classified as readily biodegradable.**
2. **Whenever possible, products made from plant based renewable resources are selected.**
3. **Our CHEMFORM GREEN range contains no phosphates, oil-based hydrocarbons, chlorine, chlorinated hydrocarbons, carcinogens, alkyl phenol ethoxylates or heavy metals.**
4. **Our CHEMFORM GREEN range is safe to use. Products must be classified as non-hazardous and non-dangerous.**
5. **Industrial degreasers will be quick-breaking according to our stringent definition.**
6. **Waste will be minimised as we believe that the biggest environmental burden on the Earth is waste. All packaging used in the CHEMFORM GREEN range is recyclable, and can be returned to Chemform for processing.**

Features and Benefits

- Safe to use – Surface and Underground operations
- Safe to use – Operators pH neutral, non-flammable, non-hydrocarbon solvent, low odour, non-phosphate, non-caustic and is not a skin sensitiser or irritant.
- Safe to use - Environment Readily biodegradable, non-phosphate, quick breaking and natural solvent based formulation.
- Safe to use – Equipment Non-corrosive formulation
- Effective in both soft and hard water areas- Rapidly and effectively emulsifies oil and grease.

Use Directions

ENVIROSOLVE CONCENTRATE can be applied manually via swab and/or via immersion but is usually applied via an "EnviroQuip Spray" low flow/pressure spray application system.

- Spray, swab or brush the ENVIROSOLVE CONCENTRATE solution onto the vehicle/equipment and allow the solution to penetrate the oil and grease etc. for 5-10 minutes.
- Rinse off with water via hose or high pressure washer (preferably hot).

Dilutions

- Swab Use as received
- Spray Use as received direct from the container via an EnviroQuip Spray.
- Immersion Immerse components for 5-30 minutes (dependent on the type of soiling), then remove components from the tank and rinse with water via hose or high pressure washer.

Operational Hints

- Avoid prolonged contact with painted and rubber surfaces.

Environmental Statement

ENVIROSOLVE CONCENTRATE is extremely safe for the environment and for further information please refer to the Chemform Green section of our website at www.chemform.com.au/green.

Safety Information

ENVIROSOLVE CONCENTRATE is classified as:

- NON HAZARDOUS according to the criteria of Safe Work Australia
- NON DANGEROUS GOOD according to the Australian Dangerous Goods Code.

Refer to our Label and Safety Data Sheet (SDS) for more information or consult your Chemform representative.

Packages

20L, 205L, 1000L container and Bulk on request.
