

FUEL PACK

Heating fuel in gel form.

Features & Benefits

- Fuel Pack produces a long lasting, clean flame.
- It is very easy to light and once extinguished, can be re-ignited as required.
- When flame is extinguished Fuel Pack leave a residue which may be easily peeled off surface.
- Fuel Pack is manufactured from the purest ingredients. It is odourless and will not taint food products.
- Produces a soot-free flame.
- Has a very long shelf life.
- Fuel Pack, being a gel, burns at a controlled rate without the risk of explosion.

Use Directions

Simply add a small quantity of gel to the bottle of the serving container and light with a match.

Environmental Statement

- FUEL PACK is detergent free
- FUEL PACK is phosphate free
