

PROCESS 124

Caustic free winestone remover

FEATURES & BENEFITS

- Process 124 does not contain caustic materials thereby increasing operator safety.
- Effectively removes winestone (bitartrate) from storage tanks and pipework.
- Effective in both hard and soft water.
- Highly concentrated ensuring economy in use.
- Fully biodegradable product.

USE DIRECTIONS

(a) **For Cleaning in place of tanks**

The dose rate will depend on the amount of winestone

| Tank Soiling | Kilos of Process 124 Per 100 litres of water |
|--------------|---|
| LOW | 1 – 2 |
| MEDIUM | 2 - 3 |
| HIGH | 3 - 5 |

(b) **Cleaning Procedure**

- Rinse tank with clean water to remove loose soils
- Consult dose rate shown above. Add the required quantity of Process 124 into water
- Recirculate as follows
 - 10 mins low soil
 - 15 mins medium soil
 - 20 mins heavy soil
- Drain water
- Rinse thoroughly with clean, potable water.

Environmental Statement

- PROCESS 124 is detergent free
- PROCESS 124 is phosphate free
- PROCESS 124 is chlorine free
- PROCESS 124 is VOC free
