

## TEMPO

Thickened bleach

### Features and Benefits

- Combines, in a single product, a cleaner and chlorine disinfectant. Surfaces treated with TEMPO are left clean and germ free.
- Excellent cleaning properties enable TEMPO to cut through difficult soils and stains.
- TEMPO is particularly effective in removing unsightly fungus and mould.
- Tempo is specially thickened to enable it to cling to vertical surfaces for maximum contact time.

### Use Directions

- (A) Undiluted: To remove stains and/or mould from shower recess, tiles, toilets, chopping boards and plastic rubbish bins.

Squirt onto soiled area, spread evenly and allow 10 minutes to penetrate then rinse well.

- (B) Diluted: To clean and remove germs in bathrooms, floors and for destaining coffee cups.

Mix 100 mls of Tempo in 5 litres of water. Apply this to surface. Rinse well.

### Safety Directions

- Do **NOT** mix with any other product. Mixing with other products may produce toxic chlorine gas.
- Ensure adequate ventilation when using product, vapour may be harmful.
- Avoid contact with skin and eyes as product is alkaline and corrosive. Wear protective gloves and eye protection when mixing or using.
- Do not mix with hot water, Tempo will bleach fabrics, do not use on metal surfaces.

### First Aid

If skin contact with undiluted Tempo occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and wash with water for 15 minutes, then obtain medical attention. If swallowed, do NOT induce vomiting, give a glass of water and obtain medical attention.

### Packages

9x750ml, 5 litre and 20 litre containers
